

ROADPULSE AI — MUNICIPAL ROAD HEALTH AUDIT

Weekly Condition Assessment & SLA Accountability Dossier | Survey Cycle: **Week 3** | Generated: 2026-09-13 11:49 | Zone: Jaipur Urban Area

SIMULATED DEMO DATA: Prepared for National Inter-University Innovation Challenge (IS2603). Synthesized municipal dataset across 4 survey cycles for Jaipur, India.

Total Surveyed Corridors	Total Potholes Detected	Citywide Avg Risk Index	Critical Corridors (D/E)
8 Segments (21.4 km)	76 Verified Potholes	46.5 / 100	3 Action Required

Network Condition & Grade Distribution

Grade	Classification	Risk Index Band	Corridors	Share of Network	Standard SLA Recommended Action
Grade A	Good Condition	0 – 20	1	12.5%	Routine bi-weekly optical surveillance
Grade B	Fair Condition	21 – 40	1	12.5%	Preventative seal coat monitoring
Grade C	Moderate Wear	41 – 60	3	37.5%	Schedule patch works within 30 days
Grade D	Poor / Deteriorating	61 – 80	2	25.0%	Issue dispatch to municipal contractor (14-day SLA)
Grade E	Critical / Dangerous	81 – 100	1	12.5%	EMERGENCY: Cold mix repair within 72 hours

Priority Road Segment Inventory & Condition Ledger

ID	Road Name & Stretch	Ward & Authority	Potholes	Depth	Risk	Grade	SLA Status
TR-01	Tonk Road World Trade Park to Durgapura	Ward 42 JMC (Greater)	19	8.7 cm	85.0	Grade E	REPORTED
SR-01	Sikar Road Jhotwara Chowraha stretch	Ward 55 JMC (Greater)	15	7.8 cm	75.0	Grade D	REPORTED
VN-01	Vidhyadhar Nagar Road Sector 5 to Sector 9	Ward 70 Jaipur Development Authority	14	6.4 cm	60.0	Grade D	REPORTED
AJ-01	Ajmer Road Sodala to Vaishali Nagar	Ward 18 PWD Jaipur Division	7	3.1 cm	40.0	Grade C	REPAIRED
JG-01	Jawahar Circle - Gopalpura Bypass Service road stretch	Ward 47 JMC (Greater)	8	4.0 cm	40.0	Grade C	IN PROGRESS
JLN-01	JLN Marg Malviya Nagar stretch	Ward 61 Jaipur Development Authority	8	4.1 cm	39.0	Grade C	NONE
MI-01	MI Road Panch Batti to Ajmeri Gate	Ward 8 JMC (Heritage)	4	2.1 cm	24.0	Grade B	NONE
CL-01	Civil Lines Road Near Rajasthan University	Ward 5 JMC (Heritage)	1	1.0 cm	9.0	Grade A	NONE

Municipal Authority Accountability & SLA Overview

Authority Body	Jurisdiction	Assigned Corridors	Active Issues	Overdue SLA	Compliance Status
Jaipur Municipal Corporation (Greater)	Jaipur	3	3	1	Action Required
PWD Jaipur Division	Jaipur	1	1	0	Compliant
Jaipur Development Authority	Jaipur	2	1	0	Compliant

Jaipur Municipal Corporation (Heritage)	Jaipur	2	0	0	Compliant
--	--------	---	---	---	-----------

Auditing Methodology: Condition scores are computed via RoadPulse AI Multi-Criteria Risk Formulation: $Risk\ Score = 0.40 \times Severity + 0.25 \times Density + 0.20 \times Trend + 0.15 \times Context$. Detections are captured through high-frequency public transit cameras, localized via GPS bounding-box interpolation, and deduplicated across successive sweeps. Post-repair validation requires an automated survey cycle verifying score reduction > 40%.
